Pete Suazo foundation seeking applications

Applications for scholarships and internships are being accepted by the Hinckley Institute of Politic's Senator Pete Suazo Leadership Foundation.

The foundation provides scholarships and internship opportunities for ethnic minority students who demonstrate a passion for community service.

The deadline to apply for \$1,000 scholarships or community service internships with \$500 stipends is March 2, 2007.

The foundation was established in 2001, shortly after Suazo's death. Suazo was a leader in the Latino community who advocated for civil rights and the less fortunate.
